Message from the Management team

At Athens International College, we believe that **education** is not simply the transfer of knowledge — **it is the foundation on which the Future is built** — the future of the Economy and of Greece.

Ongoing developments call for change, and the need for professionals with specialised skills is more urgent than ever. **Modern Business skills, Digital Transformation, Artificial Intelligence, Cybersecurity, and Sustainability** are now top priorities in upskilling and reskilling programs.

Within this context, business education is being redefined. A new interdisciplinary approach is transforming how we prepare professionals. **Just-in-time training is becoming essential.** Cutting-edge technologies, advanced analytics, sustainability, and ethical leadership are being integrated into learning to **equip future leaders** with the tools to innovate and thrive—while **enabling organisations** to stay competitive in a constantly evolving global economy.

Our goal is to empower every student, professional, executive, and organisation that places their trust in us **by delivering a transformational, multidimensional, and high-impact learning experience.** With a strong focus on Quality and Innovation, we continue to invest in educational technology **(EdTech)** and in partnerships with leading global institutions to position Athens International College as a **top-tier provider of responsible and sustainable education.**

Purpose

At Athens International College, our purpose is to empower and inspire the next generation of leaders and innovators in a diverse and inclusive environment.

We are dedicated to providing a transformative educational experience that respects and embraces diverse perspectives, fostering an inclusive community where all students can thrive.

Our commitment extends to nurturing responsible, skilled professionals who will drive sustainable growth and positive change in the business world and the broader economy, both in Greece and internationally.

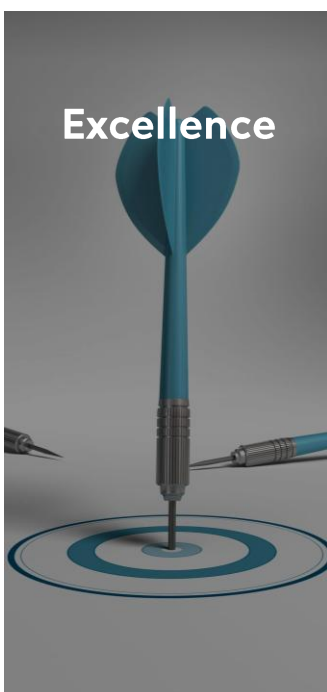

Vision

Our vision is to be a beacon of responsible and sustainable education in Greece, shaping a brighter future through our commitment to educational excellence, economic growth, and sustainable development.

Mission

Our mission is to forge tomorrow's business and economic leaders by embracing EduTech and delivering student-focused, internationally recognized programs. We emphasize developing professional skills that enhance employability and foster entrepreneurship. We are dedicated to preparing our students to excel in a dynamic global environment, ensuring that our educational practices are inclusive and accessible to a wide range of learners.

Values

Partnerships of Excellence

Since 1997, we continue with the same energy — more innovative than ever. With outstanding international partnerships and world-class educational programs

Educational Programs

We focus on education that promotes sustainable development and positive change in the business world and the wider economy. With undergraduate and postgraduate studies in collaboration with top international universities and specialised training programmes for companies, executives, employees, and professionals, we comprehensively meet the needs of the market with the skills of the Future.

Athens International College is creating the leaders of tomorrow — with an emphasis on innovation, sustainability, and global perspective.

Academic Studies

At Athens International College, we respond to the demands of the modern era by offering high-quality academic knowledge, practical skills, and internationally recognised certifications. Through our collaboration with the University of London, we deliver International Foundation Program, BSc in Business Administration, MSc in Data Science. Through our partnership with the University of Winchester, we offer postgraduate degrees such as: Executive MBA, MBA in Digital Transformation, MBA in Human Resources, MSc in Sustainability & ESG. These programmes equip students with professional qualifications directly aligned with global developments.

Executive Education

In parallel, through our partnerships with AI Certs and Fast Lane, we offer targeted professional specialisation programmes in critical fields such as: Artificial Intelligence, Cybersecurity, Cloud Technologies (AWS, Microsoft, Google). Finally, with globally recognised professional certifications such as ACCA, ACA, CFA, CIA, ADIT, IFRS, and DipIFR, we strengthen the knowledge and career prospects of professionals in finance, accounting, and auditing.

Learn to Lead

Stakeholders

Our Stakeholders are at the core of our Vision:

Students

Tomorrow's visionaries—courageous and creative—who explore, learn, evolve, and bring fresh energy into a changing world.

Alumni

Ambassadors of our values, who apply knowledge in practice, contribute to society, set examples, and return inspiration at every step forward.

Trainees

Modern professionals who never stop learning, growing, expanding horizons, and transforming knowledge into the power to drive change.

Faculty

Inspired and dedicated mentors who create learning environments that unlock potential and illuminate each learner's journey.

In a rapidly changed world, we reserve the future you deserve – Leaders with Values, Conscious citizens.

Academic Council

Guardians of quality and mission, with integrity and strategic thinking, guiding a path for dynamic, reliable, and innovative education.

Staff

Multidimensional professionals who bridge strategy and execution, take care of every detail, and embody the vision with consistency and empathy.

Management

A forward-looking leadership team that unites vision, strategy, and humanity to ensure impact and long-term progress.

Shareholders

Pioneers with social responsibility who support a vision invested in sustainable growth, innovation, and educational excellence.

Academic Council

At Athens International College, academic excellence is at the heart of everything we do. Our institution is dedicated to providing a transformative education that equips students with the knowledge, skills, and values needed to excel in their chosen fields and make a positive impact on the world.

Rigorous Curriculum

We offer a wide range of programs that integrate theoretical knowledge with practical application, ensuring our students are well-prepared for the complexities of the modern world.

Lifelong Learning

Our commitment to academic excellence extends beyond graduation. We foster a lifelong love of learning, encouraging our alumni to continue their intellectual growth and to contribute to the ongoing pursuit of knowledge.

Holistic Development

At AIC, we believe in the holistic development of our students. Beyond academic achievement, we emphasize the importance of critical thinking, ethical reasoning, and leadership skills. Our comprehensive approach prepares students not just for careers, but for life.

Faculty

At Athens International College, we believe that the quality of education begins with the quality of those who teach it. Our team of teachers consists of distinguished professors and business professionals, who combine academic excellence with real-world experience.

Holding master's and doctoral degrees from top universities in Greece and abroad, and with proven expertise in business administration, marketing, finance, and entrepreneurship, our faculty apply modern teaching methods and deliver knowledge that directly meets today's market needs.

Here are just a few of the team who teach across our portfolio.

Facilities

Here, the learning experience is based on a unique combination. We are housed in a preserved historic building over 100 years old, where tradition meets innovation in a natural and meaningful way.

We have created modern classrooms for small cohorts, promoting creativity, learning, and collaboration. Our classrooms are equipped with cutting-edge educational technology, offering students a high-quality environment aligned with modern educational standards.

It's not just a building. It's a space for growth.
A learning environment that fosters creativity, learning,
and collaboration.

In parallel, we have made substantial investments in distance learning, utilising two advanced digital platforms. With interactive live classes, 24/7 access to digital content, and state-of-the-art collaboration tools, we simulate the classroom experience through virtual learning.

At Athens International College, distance learning is not an alternative—it is a fully integrated, high-quality educational experience, designed with the student at its centre. It offers flexibility, accessibility, and a sense of connection, while preserving academic rigour and the richness of real-time dialogue.

- ▷ State of the Art hybrid technology for blended learning
- ▷ 8 modern classrooms
- ▷ 1 multi-purpose classroom
- ▷ Library
- ▷ Computer Lab

Testimonials

«What stood out was the human approach of the professors. They didn't just prepare me for the job market—they prepared me for a world that needs sensitivity and courage.»

«At AIC, I found more than an education — I found a voice, a purpose, and a community that believed in me before I did.»

«My education here took me from the classroom to the boardroom. I didn't just earn a degree; I gained direction.»

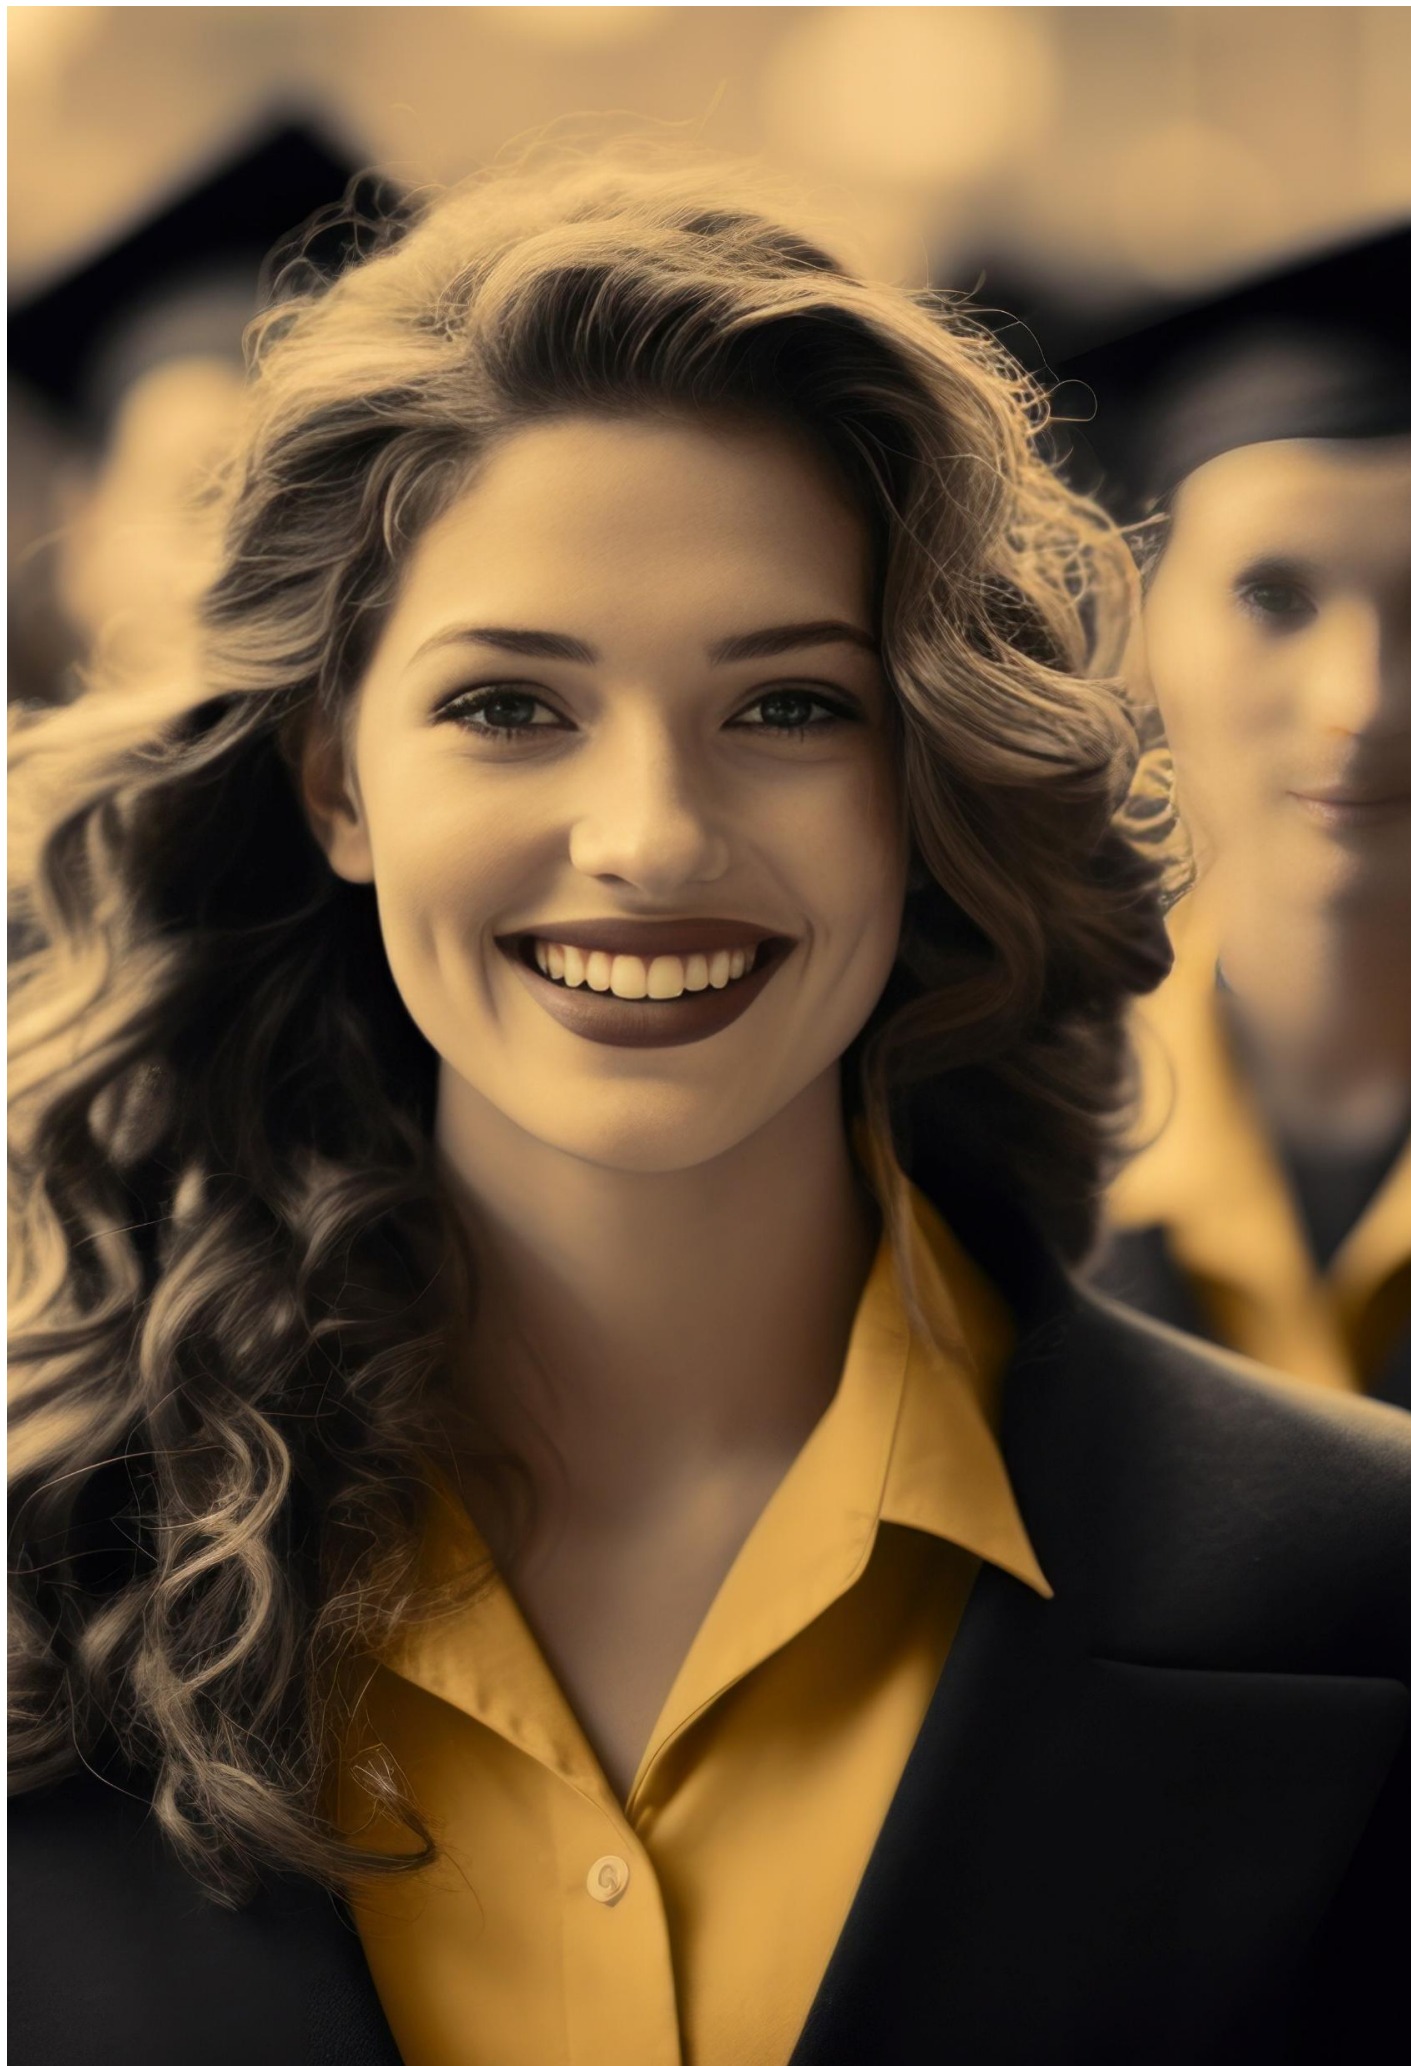

«AIC inspired me to pursue international opportunities. My career abroad began with the foundation built there.»

«I learned to lead with respect, collaborate with people from all over the world, and think strategically.»

«I never expected my study experience to so deeply change how I see myself and the world — but it did.»

«At the College, I wasn't just taught to think. I was taught to believe I could make a difference — and that changes everything.»

«I was hesitant at first, but the environment welcomed me. Today, as a young entrepreneur, I know AIC was my turning point.»

Where Business Meets Education.

Top companies across a wide range of industries consistently choose Athens International College for the education, upskilling, and professional development of their people.

Their continued trust is a strong testament to the quality, consistency, and adaptability of our programs to the real needs of the market.

Where Business Meets Education.
